CANADA'S NORTHERN RESOURCE OPPORTUNITY

INVESTNORTHOF60.CA

YUKON

GOLD

## PROJECT INFORMATION

Project: Coffee Gold  
Ownership: Fuerte Metals Corporation  
Location: Yukon, Canada  
Latitude: 62.891670° N  
Longitude: 139.332220° W  
Size: 70,256 hectares  
(173,600 acres)  
Stage: Resource defined;  
economic studies  
Resource: Measured and Indicated  
resource of 80 Mt at 1.15  
g/t gold (0.18 g/t cut-off)  
Listings: TSX-V: FMT

## CONTACT INFORMATION

## FUERTE METALS CORPORATION

# Coffee Gold

## NEED TO KNOW

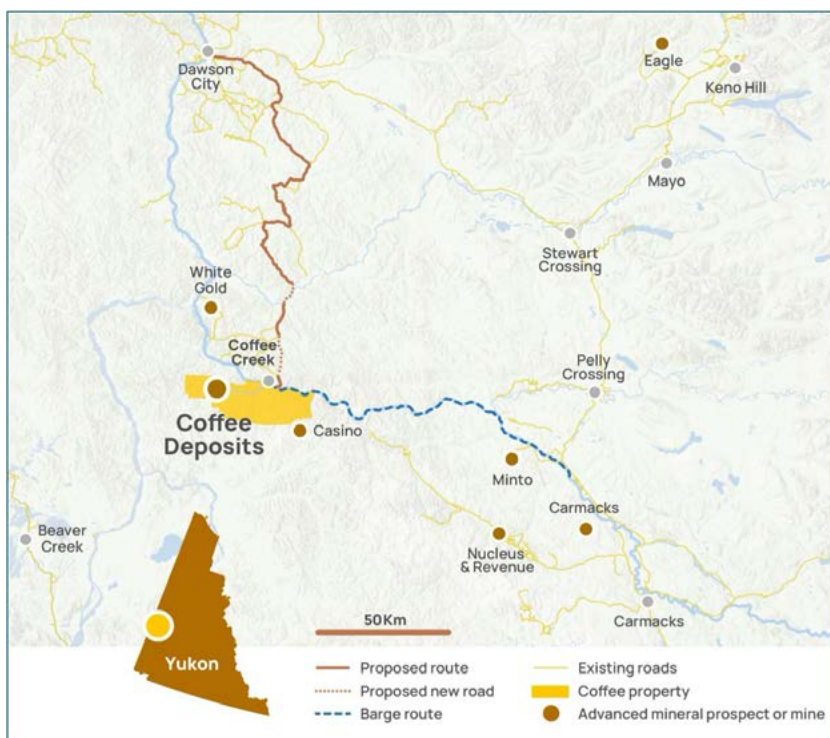

- ▶ Over the Coffee Gold Project's history, more than C\$300 million has been spent on the project and approximately 617,000 metres of drilling has been completed. Exploration drilling has led to the discovery of gold mineralization in 15 separate areas of Coffee.
- ▶ The Coffee Gold Project hosts measured and Indicated gold resource of 2.96 Moz, consisting of 80 Mt at a grade of 1.15 g/t gold at a weighted average cut-off of 0.18 g/t, as well as an Inferred Resource of 0.8 million ounces. The entire resource is amenable to conventional open-pit, heap-leach mining and processing to produce gold doré bars.
- ▶ Located approximately 130 km south of Dawson in Canada's Yukon Territory, the project is currently accessible by air or by barge along the Yukon River. A proposed 214-km all-season road from Dawson is currently in the permitting process, and a secondary all-weather airstrip has also been designed and is permitted for construction.
- ▶ The project is situated within the wider Tintina Gold Province, which hosts numerous multi-million-ounce deposits and producing mines including Kinross' Fort Knox Mine and Snowline's Valley deposit.

## HIGHLIGHTS

Fuerte Metals Corporation acquired the project from Newmont in September 2025.

### Key Transaction Highlights

- Established gold project located in Yukon, Canada.
- Coffee is one of the largest and highest-grade heap leach projects in the world.
- Engineering and permitting well advanced.
- Clear path to production.
- Significant optionality – multiple resource expansion opportunities.
- Strong shareholder base.

## GEODATA / REPORTS

An updated mineral resource estimate was prepared by Micon International Limited in accordance with National Instrument 43-101 with an effective date of August 21, 2025.

## TRACK RECORD

Fuerte Metals is a Vancouver based resource company focusing on acquiring, exploring, and developing base and precious metals properties in the Americas. It is committed to advancing the exploration and development of its Placeton/Caballo Muerto copper project in Chile, the Christina & Yecora projects in Mexico, and the Coffee Gold project in Yukon.

## ESG HIGHLIGHTS

### Permitting and Community

The collection of baseline environmental data and socioeconomic information was initiated in 2010 and has been ongoing. First Nations were involved early in the design of the baseline programs, and deep engagement and consultations have continued for mining and closure planning. Through ongoing dialogue with First Nations, environment and heritage values have been identified and incorporated. The project area was historically, and continues to be, used by First Nations, and ongoing collaboration is paramount for our success. The Project was subject to an assessment under the Yukon Environmental and Socio-economic Assessment Act, administered by the Yukon Environmental and Socio-economic Assessment Board (YESAB), which was completed in March 2022. The assessment documents the potential environmental and socio-economic effects of the Project by evaluating baseline information, the proposed mine plan, required mitigations and commitments, and assessment of project effects. The primary remaining approvals required for mine construction and operation are a Water Use Licence and Quartz Mining Licence. Applications for these permits were submitted to the respective licensing bodies in November 2023 and are under review by regulators. Other authorizations, including those required for all-season access road construction, are also being reviewed by regulators.
